

AUSTRALIAN CAPITAL TERRITORY (ACT) OCCUPATION LIST AUGUST 2014

The Australian Capital Territory (ACT) Government encourages skilled migration and can provide advice on ACT nomination criteria, but not on wider immigration issues.

Before lodging an application for nomination, it is recommended that you obtain specific migration advice relevant to your circumstances from the Department of Immigration and Border Protection (DIBP) or a Registered Migration Agent.

The ACT Migration Program is managed by Small Business and Skills, Chief Minister, Treasury and Economic Development, a Directorate of the ACT Government.

About the ACT Occupation List

The ACT Occupation List identifies the skills that are currently in demand in Canberra. The ACT Occupation List is used to determine the eligibility for ACT support of the following programs:

- ACT nomination of a Skilled – Nominated (subclass 190) visa.
- Regional Certifying Body support of an Employer Nomination.

The demand for each occupation is listed using three categories.

Status	Explanation
Open	Nomination places are available for this occupation.
Limited	Nomination places are limited due to declining demand. Occupations must be verified before the application for nomination is lodged.
Closed	Applicants working in Canberra in the nominated occupation are eligible to apply. Overseas applicants with close ties (job offer or close family) living in Canberra may be eligible to apply. Occupations must be verified before the application for nomination is lodged.

Skilled Migration Applicants

Before you apply for ACT nomination, you must read the 'Guidelines for applying for ACT nomination: Skilled – Nominated (subclass 190) visa' and make sure that you meet the nomination criteria. See: <http://www.canberrayourfuture.com.au/portal/migrating/article/skilled-visas/>

- Open Occupations: you may apply for ACT nomination if you meet the nomination criteria.
- Limited / Closed Occupations: You may apply for verification if you meet the verification criteria. For information about the verification process refer to the nomination guidelines.

Employability

The ACT Occupation List is not linked to specific job vacancies and it is not a guarantee of a job in a nominated occupation. You must be satisfied that there are sufficient employment opportunities in your nominated occupation before you apply for ACT nomination. You will compete for employment vacancies with all people in the labour market as part of a normal selection process. Your success will depend on employer requirements, your relevant skills, your experience and your level of English language ability.

New residents generally do not meet the criteria of employers who require citizenship or security clearance.

Employer Sponsored Nomination

Employers seeking to nominate highly skilled workers under the Direct Entry pathway of the Regional Sponsored Migration Scheme (RSMS) must seek the support of the Regional Certifying Body (RCB) before the RSMS nomination can be assessed by the Department of Immigration and Border Protection.

Before you apply for RCB support, you must read the 'Guidelines for applying for Regional Certifying Body support of an employer nomination' at:

<http://www.canberrayourfuture.com.au/portal/migrating/article/sponsor-a-skilled-employee/>

Applying for Regional Certifying Body (RCB) support

As part of the application for RCB support, employers must demonstrate that the position cannot be filled from the local labour market.

If the nominated occupation has a status of 'open' on the ACT occupation List, the application for RCB support is deemed to meet this criterion.

If the nominated occupation has a status of 'limited' or 'closed' the application for RCB support does not meet the criterion.

You should refer to the RCB guidelines for other pathways to demonstrate that the position cannot be filled from the local labour market.

ACT Occupation List updates

The ACT Occupation List will be updated on a regular basis to reflect the current demand in Canberra for each occupation. Once it is determined that the demand for an occupation has been met, the occupation will be closed. The demand for closed occupations will be reassessed in February 2015.
